

# Zarhar Remembrance Fund, Inc.

---

"I don't speak to people about the Holocaust to get publicity. I want people to know what happened there. We must always have respect for each other and never let the world be contaminated by hatred and discrimination."

Deli Strummer

---

"We are all teachers, or should be. Anyone who relays experience to another person is a teacher. Not to transmit your experience is to betray it."

Nobel Peace Prize Laureate, Elie Wiesel

---

## ***Join Zarhar***

Deli Strummer asks that you support her in getting her message out. Mrs. Strummer survived the Nazi death camps and has believes in the importance of teaching the lessons of the Holocaust.
